## EDUCATION

### Masters of Engineering in IT Frankfurt University of Applied Sciences

10/2017 – Present

Frankfurt am Main, Germany

#### Courses

- Stochastic Signals and Systems
- Methods, Systems and Networks for Digital Communication
- Mobile Computing
- Computational Intelligence
- Distributed Systems and Computer Networks
- Digital Switching and Routing
- Automation Laboratory
- Development of Service Robot with NAO in Python

### Bachelor in Electronics and Communication Engineering

Kantipur Engineering College, Tribhuvan University

08/2010 – 11/2014

Lalitpur, Nepal

#### Courses

- Microprocessor
- Computer Graphics
- Computer Network
- Telecommunication
- Wireless Communication
- Discrete Structure
- Computer Organization and Architecture
- Embedded System
- Filter Design
- Digital Signal Processing

## WORK EXPERIENCE

### Site Engineer Bizinsider Tech Nepal

12/2014 – 03/2017

Kathmandu, Nepal

Conducts maintenance and operation of telecommunication sites as well as conducts survey in remote areas for feasibility study

#### Achievements/Tasks

- Survey of GSM-BTS telecommunication sites
- Planning and Organizing resources for the survey
- On timely done reports

Contact: Bibek Singh

## SKILLS

Java

Python

Javascript

Reactjs

HTML

CSS

## PROJECTS

### Online Bookstore

- An e-commerce web application where user can search book, add to cart, pay using card and delivered to the given address. On creating account, user will be notified by an email to verify and after purchasing book, the delivery status and the books will be notified by the email.
- Technologies Used: Java Spring boot, Spring security, Hibernate, Thymeleaf, PostgreSQL database

### Bank Application

- A banking application where users can create a new account and login to view their account details. Users can deposit and withdraw the amount and can also transfer the amount to the recipient and transactions can also be viewed. The total number of account holders can be viewed only by the Admin Role.
- Technology Used: Java Spring boot, Spring Security, Hibernate, Thymeleaf, PostgreSQL Database

### Minimizing a feature vector using PCA

- Capturing data using Ultrasonic sensor and implementing Machine Learning Algorithms, comparing the accuracy of the algorithms, minimizing the feature vector by using PCA.
- Technology Used: Python, Jupyter Notebook, PyQt5

### Protocol Emulator for IPv4

- This protocol is used to transfer a message in JSON format from Client to the Server using the different path that is from the intermediate routers connected in between client and server. The networking is performed in the Java platform.
- Technology Used: Java, Linux
